Profile

Product Designer with 15+ years building and scaling user-centric products across corporate, scale-up, and startup ecosystems.

Led product & UX strategy, onboarding & activation frameworks, and cross-functional execution at Knauf Digital, while mentoring early-stage teams through UnternehmerTUM and Start2 Group. Combines product design craft, behavioral psychology, and product analytics to improve adoption, reduce friction, and drive retention outcomes.

Core Strengths

- Complexity Simplification for B2B SaaS
- Rapid Prototyping & Usability Testing
- Design Systems Creation & Governance
- User Retention & Engagement
- Data-Informed Product Decision-Making
- International & Multi-Stakeholder Alignment
- Startup Coaching & PLG Execution

Professional Experience

2025 – today **Product Growth & Design Advisor — Freelance · UnternehmerTUM · Start2 Group · Werk1**, Munich/Remote

Coaching early-stage teams on product-market fit, onboarding, and activation. Supporting founders in building data-informed product decision workflows.

- Coach early-stage SaaS teams on activation, onboarding, and user journey design to define Aha moments and improve early user retention.
- Implement analytics and event instrumentation (Mixpanel, PostHog, GA4) to identify drop-offs and prioritize experience improvements.
- Run rapid testing cycles using JTBD, prototype evaluation, and usability loops to reduce time-to-learning and increase iteration velocity.
- Mentor founders on product prioritization, experimentation frameworks, and data-driven decision-making workflows.

2026 – today **Fractional CXO — SlowLettuce**, Berlin/Remote

Context: Boutique product design & growth agency delivering UX-driven digital products for startups and scale-ups. Mandate: lead day-to-day client delivery, elevate product quality, and evolve operational systems toward scalable leadership capacity.

Accountability & Ownership: Own end-to-end client delivery across multiple parallel engagements, scope framing, stakeholder alignment, execution oversight, and executive communication. Co-own quality standards and process evolution. Accountable for product excellence, activation logic, and delivery within financial constraints.

Team: Lead cross-functional remote teams. Run workshops, reviews, and retros. Mentor designers and ensure high-quality execution.

Execution & Results:

- Structured project kickoffs to drive clear foundational product decisions and reduce rework.
- Improved revision quality through concise decision framing and stronger feedback loops.
- Increased operational efficiency via tighter communication and clearer prioritization.
- Managed multi-client delivery profitably while maintaining product quality.

2021 – 2024 **Product Design Manager (Chapter Lead) — Knauf Digital**, Munich

Alexandros Shomper

alexandros@alexandrosshomper.de, +49 160 838 2263, 80798, München, Germany

Context: Global enterprise (43,500+ employees) modernizing the construction supply chain through a multi-product B2B SaaS ecosystem. Mandate: build scalable UX foundations and improve activation, engagement, and retention across markets.

Accountability & Ownership: Led UX strategy, design systems, and user activation improvements across 5 digital products. Responsible for design quality, UX KPIs, and cross-product alignment with business OKRs. ensuring measurable business outcomes (User adoption, engagement, retention, NPS, CSAT, etc.).

Team: Managed and grew a chapter of 5–10 designers. Partnered with PMs, engineers, and global business leaders to standardize UX and accelerate delivery.

Execution & Results:

- Built the global design system → 30% faster delivery & 50% less UX backlog.
- Drove redesigns that increased activation (+20%) and engagement (+15%) across key products.
- Improved signup conversion +17% via streamlined authentication UX.
- Introduced telemetry + feedback loops → raised UX maturity and iteration speed company-wide.

2019 – 2021

Product Owner & UX Lead — Knauf Digital, Munich

Context: Brought on during to help modernize construction industry workflows. Early-stage corporate venture building environment tasked with launching Knauf's first generation of B2B digital products.

Accountability & Ownership: Owned product vision, UX strategy, and delivery for multiple greenfield SaaS solutions. KPIs focused on launch velocity, onboarding, and early adoption. KPIs included successful product launch timelines, user onboarding rates, and customer satisfaction scores for each digital product.

Team: Led a small cross-functional team; coordinated closely with global stakeholders and external development partners. Drove cross-functional collaboration (design, engineering, marketing) in a fast-paced setting, establishing an iterative development process grounded in user feedback.

Execution & Results:

- Launched 4 digital products in 12 months (order portal, account admin, calculator, global website).
- Created Knauf's first design system → unified UX and accelerated feature delivery.
- Built research repository → faster decision-making and iteration cycles.
- Embedded usability, accessibility, and experimentation practices → improved early adoption in non-digital user segments.

2017 – 2019

Product Owner & UX Manager — Occhio, Munich

Context: Premium design brand (~180 employees) undergoing digital transformation across website, e-commerce, partner tools, and service portals.

Accountability & Ownership: Directed UX and product roadmap for all digital channels. Responsible for digital experience quality, online engagement, and conversion metrics. Accountable for delivering a seamless, on-brand customer journey online driving key business metrics (e.g. online traffic, conversion rates, and customer satisfaction).

Team: Orchestrated cross-functional teams across design, engineering, marketing, and sales; collaborated directly with C-level leadership.

Execution & Results:

- Led complete redesign of Occhio's digital ecosystem → unified, premium UX across channels.
- Introduced research-driven UX processes → clearer flows and higher customer satisfaction.
- Improved digital engagement by 25% through roadmap execution and UX enhancements.
- Drove alignment across departments and secured executive support for digital transformation

2014 – 2017

Project Manager & Designer (Digital, Brand, Editorial, Stores, Exhibition) — Occhio, Munich

- Designed core customer and partner-facing digital experiences (configurator, store finder, partner tools) that shaped Occhio's digital ecosystem.
- Coordinated agency and internal collaboration, ensuring brand consistency and usability quality at delivery.

2014 – 2017

Art Director — Wächter & Wächter Advertising, Munich

- Led UX/UI concepting and delivery for digital campaigns across major consumer and B2B brands.

Other Experience

2023 – Present **Founder — CookCook.it**

Social Video Recipe Platform (MERN Stack)

- Built a video-first recipe publishing platform with structured recipe schema, social discovery patterns, and creator tools.
- Developed signup, onboarding, and content contribution flows informed by activation best practices.
- Running live user tests and activation experiments to identify core value moments and retention drivers.

2024 – Present **Founder — FeatheredHooks.com**

Fly Fishing Knowledge & Topical Authority Site

- Launched a search-oriented content platform targeting niche community engagement and organic traffic growth.
- Designed content taxonomy, SEO structure, and publishing cadence to scale topical authority.

Skills

Product & Growth — Onboarding Flow Design; Activation & Engagement Strategy; Retention Mapping; PLG Experimentation; Product Discovery; Prioritization Frameworks

Design & Research — User Journey Mapping; Usability Testing; JTBD Interviews; Information Architecture; High-Fidelity Prototyping; Design Systems Governance

Analytics & Insights — Mixpanel; Amplitude; PostHog; GA4; Qualitative & Quantitative Feedback Loops; Telemetry & Incident Analysis

Tech & Tooling — React (Foundational), MongoDB (Basics), Git Awareness; Figma; Jira; Confluence; ServiceNow; Qualtrics

Certifications

Reforge — Retention & Engagement

Growth.Design — Product Psychology

scrum.org — Professional Scrum Developer

Google & Avado — Digital Strategy & Leadership (Award: Cohort Best)

AJ&Smart — Design Sprint Master

IDEO — Design Thinking

FreeCodeCamp — Data Visualization & Front-End Libraries

Education

2008 – 2011 **Akademie U5 Privatuniversität** — Diploma Communications & Art Direction

2004 – 2006 **Rainer-Werner Fassbinder Highschool for Design** — Arts & Design
